README By Jack Chen

Website Description:

A website for rental of construction equipment (e.g., bulldozers, dump trucks, etc.) which includes six pages: home, products, about us, contact us, sign up and login. Currently, only a skeleton of the website has been created with some contents added in.

Technical Specifications:

1. Navigation Bar
    a. A navigation bar on the header that links to other pages.
    b. Hovering the mouse over the page links will turn the text from white to green.
2. Home
    a. A picture and welcome text.
3. Products
    a. Three Bootstrap Cards of products with filler descriptions.
    b. The "More Details" button of the cards has not been implemented.
4. About Us
    a. A gif and filler texts.
    b. Includes a "More Info" button that opens a YouTube video using a Bootstrap Modal.
5. Contact Us
    a. A table of filler contact details.
6. Signup
    a. Typical signup page with a form containing inputs for client information and buttons to select/unselect checkboxes and signup for the account.
    b. Includes a dropdown menu for the U.S. states (i.e., not exhaustive) and three checkboxes.
    c. All inputs must be filled except "Address Line 2" and the checkbox for the TOS must be checked to sign up for an account.
    d. Passwords must match and contain between 8 to 20 characters with at least one digit and one upper- and lower-case alphabet.
7. Login
    a. Typical login page with a form containing inputs for email and password and a login button.
    b. Includes a remember me checkbox.
